

# Sisters Advocating Globally

"Let us return to promoting the good,  
for ourselves and for the whole human family,  
and thus advance together towards  
an authentic and integral growth."

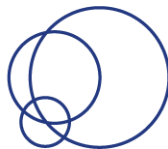

- Pope Francis, *Fratelli Tutti* 113

"As Sisters, we want to see how we can walk with people, be their companions, help them to raise up their voices, and raise up our own voices on their behalf." - Sister Patricia Murray, UISG Executive Secretary

Sisters Advocating Globally was launched in 2020 with support from the Global Solidarity Fund, to amplify the voices of Sisters on the international development stage.
